About Munashe Group

Founded in 2013, Munashe Group is a proudly South African company specialising in the manufacturing and supply of premium-quality Personal Protective Equipment (PPE). Since our establishment, we've been committed to protecting the workforce with reliable, rugged, and industry compliant safety gear built to withstand the toughest environments. Our range of PPE includes heavy-duty work suits, safety footwear, gloves, helmets, reflective wear, and more, all designed to meet strict safety standards and provide optimal comfort and durability for hardworking teams on-site.

With us, acquiring quality PPE has never been easier, our online store is open 24/7, offering clients a seamless and secure platform to browse and purchase our full range of products. All prices are inclusive of shipping, ensuring no hidden costs at checkout. We value your peace of mind, which is why our flexible return and exchange policies are in place to accommodate any order issues or sizing mishaps.

We're committed to making your safety gear shopping experience fast, fair, and dependable. Whether you're running a construction project, managing a mining operation, or equipping a civil works team, Munashe Group is your go-to partner for safety solutions that don't compromise on strength or performance.

Through our 2025/26 Collections Catalogue, we aim to bring quality, durability, and safety to your doorstep. Whether you're sourcing protective wear for your team or outfitting a large construction project, our online store is your one-stop destination for trusted Protective Personal Equipment (PPE) and industrial-grade workwear.
